

AMENDMENTS TO THE CLAIMS

Kindly cancel claims 2-20 without prejudice. This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of the Claims

1. A desiccant cup comprising:
a ~~spaced inner and~~ an outer wall portion of defined length connected by a transverse portion to define a chamber having an opening, said outer wall portion including an outer surface[[:]] having a first diameter (D₁) dimension, said first diameter (D₁) dimension being relatively constant along the length of said outer wall portion, said outer wall portion including a stop member positioned along said length and extending outwardly from said first diameter D₁ dimension and
a seal ~~cooperating with~~ removably mounted over said outer surface of said outer wall portion and located intermediate said opening and said transverse portion for cooperating with a canister to form a seal therebetween, said seal comprising a thermoplastic elastomer and having a body and a lip, said seal being stretch fit around said outer surface and positioned atop said stop member with said body disposed in contiguous relation with said outer surface at a portion of said outer surface having said first diameter D₁ dimension and with said lip extending outwardly away from said outer surface.

Claims 2-20 (Canceled)

21. (New) The desiccant cup as recited in claim 1 in combination with a cap abutting said outer wall portion at said opening.
22. (New) The desiccant cup as recited in claim 21 wherein said cap has a plurality of openings therein.
